COVID-19 Re-opening Plan
FCA Spectator Protocol Update
October 29, 2020

Protocol Update – SWAS Board of Directors approve opening the **Red** Arena to Spectators effective **October 31, 2020**, under the following guidelines:

- Spectator access will be limited to **1 spectator per on-ice participant**, and this will set the spectator limit for each session. No children allowed at this point.
- Spectators are permitted to access the bleacher area 15 minutes before their ice session, and asked to vacate the area at the conclusion of the session.
- We expect all patrons to voluntarily and responsibly comply with our guidelines. Host Associations are responsible for the behavior of their participants.
- FCA staff will monitor to see if maximum limits are respected, physical distancing is respected, and masks are worn.
- Zero tolerance for Non-Compliance. **Non compliance will result in the loss of spectator privilege.**

A handwritten signature in blue ink, appearing to read 'Mike Moore', is written over a horizontal line.
